

Rats, Mosquitoes and Flies

3 things I truly despise.
Even small mice
I find kind of nice,
but not rats, mosquitoes and flies.

Rats, mosquitoes and flies
must I philosophize?
I find it quite odd
that a rational God
would create rats, mosquitoes and flies

Rats, mosquitoes and flies
I'd rather stick pins in my eyes!
than have them 'round here -
have I made myself clear?
I hate rats, mosquitoes and flies.

Rats, mosquitoes and flies
I pray for their hasty demise.
Even a ferret
has some minimal merit,
but not rats, mosquitoes and flies.
